

Gwynne

(aka Tracy1)

On September 25th, 2013 I decided to adopt a beautiful girl, at the time named Tracy1 by the rescue, and have her become a part of our family. Since then she has made herself right at home. From day one, it was like she always belonged here. She had her spot on the couch, she took over the dog bed we had for her, and now with it being almost two months later, she has decided that her spot on the bed is the place to be.

At first she was a little shy and had brown colored fur from her hard life before. Now she bounces around with her sister, Hannah, and lives the life running the house. She is nothing but love and absolutely loves belly rubs. No matter what she wants her belly rub in the morning and before bed every day. I couldn't thank everyone enough that was involved in helping me get this wonderful girl.

Throughout her time here we have gone to the dog park almost every weekend and played Frisbee and ball in the backyard. She has learned tug-of-war with her sister, and many other things. She really enjoys life. Although it may be the chicken and carrots she gets sometimes for dinner, but I'd like to think it's because we gave her a forever home!
