

# Lillee

We met Lillee and instantly knew she was for us. She is the sweetest, kindest, loving dog! She fits in great with our family and really complements us. We love her spots and she is so soft! We love to take her with us wherever we go; hiking and running too! She loves to come with us and we occasionally will chase bunnies and prairie dogs with her! She likes to sleep and be near us but will also be active with us and she has a LOT of energy. She has adjusted well to our lifestyle and has even added her own personality! We can't wait to see what adventures we take her on and she takes us on!

Thank you!

Sincerely,
