

# Lucky

*Tanker (L) and Lucky (R)*

We adopted Lucky Father's Day weekend in June, 2016. I found Lucky's picture while surfing the web for adoptable Dalmatians. I came across Dalmatian Rescue of Colorado and quickly began talking to Sandy. She was more than helpful in accommodating our phone interviews, getting us in touch with Lucky's foster mom (who lived in Iowa) and arranging a home visit for us all the way out in NJ. Finally the day came and we drove 6 hours from northern NJ to Pittsburgh, PA to pick up our sweet boy. Lucky was exactly the sweet boy we were looking to add to our family. Lucky joins our family of 4 humans and 2 more fur babies; My husband Sal, Daughter Veronica (11), Son Salvatore (6), Tanker (2 year old female Dal) and Black Widow (1 year old kitten). Lucky has settled right in at home. He either nudges Tank out of her bed or sleeps at our feet. He has made friends with my in-laws Rottie and English Bulldog and often accompanies us on family visits. He makes sure to greet us when we walk in the door, loves a good squeaky toy, and is just a complete mush!

Thank you to Sandy and Dalmatian Rescue of Colorado for all your hard work and arranging a 9 party transport team to get us our fur baby. I attached just a few of the many pictures we have taken along the way.

Thank you for all you do!

– Love Sal, Megan, Veronica, Salvatore, Tanker, Lucky, and Black Widow!
