

# Layla

Hi, here is our happy beginnings story for Layla, who we adopted in October of 2017.

Well, our sweet Layla girl has been in her forever home for over a year now. She has totally acclimated to Colorado and even enjoys the snow.

She goes jogging with her favorite buddy, George, a Staffordshire Mix and her “Dad” on a daily basis. Plus, she gets a walk with her siblings; Martina (Dalmatian/ Pit mix), Louie (beagle) and Georgie, as well.

She loves it here with her forever family and has adopted us all. Layla has developed some fun habits that is fun to watch such as smiling showing her teeth, her “trancing” with the fern and she’s all about the rabbits who venture into our yard. She’s in seventh heaven with 1/2 an acre to explore and guard.

All in all, we are one big happy family.

Thank you!
