

Lance

I love my new Mom!!

In May, our family rescued a Dalmatian from WY. His name is Cassius. We instantly fell in love and he just as quickly became a part of our family. After many talks with my husband over the next few months, we decided to add another member to our family, a buddy for Cassius. Of course it would be another Dalmatian! With the help of Beth and everyone at Dalmatian Rescue of Colorado, we found the perfect match for us...LANCE!!! He's now been with us just over a week and we could not be more proud of and in love with him.

Lance has done amazing since coming to our home. The first day of course, there were a lot of nerves as he was transported in from TX. Now, it's like he has been here forever! Cassius and Lance act like brothers separated at birth. They love to play and snuggle with one another. My husband definitely enjoys Lance's company as he always teases me that Cassius is a Momma's boy! Lance on the other hand, won't ever leave my husband's side, unless I'm sneaky with a treat! 😊 We feel so blessed to have Lance in our lives. It finally feels like our family is complete!

We are so grateful to Dalmatian Rescue of Colorado for saving Lance from his past and for giving us the opportunity to make him part of our family!

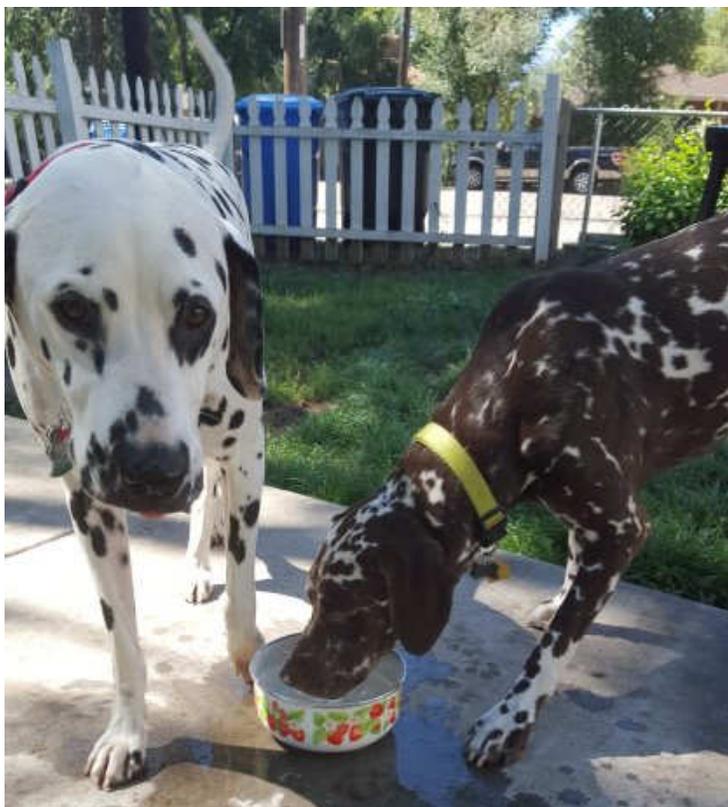

Lots of love and doggy kisses,
The Capps Family (Chris, Jules, Tenley, Sawyer and Tess)

My new Dad likes to sleep with me on the floor!

"Come on, Cassius, there's no time to rest!!"

Gotta refill my slober tank!

Okay... Time to slow down, for just a little while.
