

Stig

(aka Grady1)

Stig (aka Grady1) traveled all the way to Washington to get to our house. I don't know who was happier that he arrived - him or us? Doesn't matter really we were all delighted! Stig is the third Dalmatian for our family. Life just doesn't seem right without the spots.

He joins a black Lab, our 12 year old daughter and Grandma. He has a big yard, lots of open space, two horses and an outdoor barn cat. He enjoys car rides, visiting people and smelling all the great scents on our trail rides.

It took a few days to settle in to his new forever home. He loves to be in the center of whatever the activity is that is going on. In fact, shortly after he arrived he was standing in the middle of the kitchen as we all were gathered there talking and he was actually falling asleep while standing up! He just couldn't bring himself to

leave the room in case he might miss something.

Stig is a happy dog and seems passionate about life with his people. He even smiles at you when he greets you. We are so blessed to have this dog in our home. Thank you to all the great people at Dalmatian Rescue who assisted in placing him! You help these dogs find the right families who want to share their love with this special breed!
