

Penny

(aka Purdy)

We adopted Purdy last May, we are calling her Penny. She's a funny energetic girl and has changed our lives over the past few months. She loves to play ball and tug-of-war. She's very food motivated! She loves going on long walks or 3-mile runs with me. She goes to Doggy daycare 1-2 times a week to work on her social skills and get some energy out on long work days. She is learning manners, slowly. She passed her basic obedience test at Petsmart, but still has a long way to go. She loves toys and her femur bones. She also loves to stick her head out the doggy door and watch it rain. She has quickly become one of the family and is greatly loved!
