

Dexter

(aka Hunter)

Dexter joined our family with the amazing help of Dalmatian Rescue of Colorado. Beth White was so helpful and Jeannine Holt was so kind to meet us in Pocatello, Idaho to bring us our boy.

Small in stature, Dexter is a great dog. He is recovering from anaplasmosis and will soon no longer have to get those pills twice a day. This sweet dog was rescued in Texas, thank you Tena Price, and then transported up to Colorado to be under the care of Beth White. Beth did an excellent job choosing the right family for this dog because he is smart, has lots of energy and loves attention. He has fit into the fabric of our family and is best pals with our other two Dalmatians. He is gaining more confidence in the dog park, realizing he doesn't have to be blustery 'cuz "mom and dad" have his back. He now runs and runs... with wild abandon. Our family agrees that he is a perfect fit for our family and we feel so blessed to have him as part of the "gang." Never hesitate to consider a rescue dog, even one that is dealing with health issues that take time to resolve. It's a great investment of your time and your heart.
