

Ember

We had always been a Boxer family; and when our dogs get to be about 6-8 years old, we begin to look for a younger dog to join our family. Always love having an older dog to help the newbie learn the ropes; makes life and training much easier!

I met a terrific woman at work who fosters for Dalmatian Rescue (Karen) and she occasionally brings her fosters to work for socialization. That's when I met Ember, the sweetest 2-year-old ever! Each time I would see her, she impressed me more and more. I just couldn't stop thinking about her and definitely couldn't understand why no one had adopted her. So, it was time to talk to the family and see if they thought we were ready for a new dog and new breed in our lives.

We opened our minds and our home to Ember. She has quickly stolen our hearts! She fits in perfectly; loves to take walks, play in our yard, and what a snuggler! She and our Boxer, Peaches, get along famously...it's like they were always meant to be sisters. We are so grateful to be her forever family!
