

Cowboy

Our Happy Beginning with Cowboy

Tragedy struck our family in October 2015 when my mother passed away. Flash forward to April of 2016 and we received the unfortunate news that our step father sold the house and dumped my mother's fur babies in the local shelter. Our search began. We needed to find her dogs and make sure they had found good homes. My search began on petfinder and that's when I found Cowboy, his pictures and story of how he found himself up for adoption matched with one of the dogs I was looking for, but could it really be him?! It was! With the help of Beth at Dalmatian Rescue of Co and Devvie at Dogs etc. of Texas we were able to set a date to reunite with our sweet boy. It was a reunion filled with tears of joy, sloppy kisses, and overwhelming joy. Cowboy is now and forever a part of our little family. He enjoys our car rides to pick up the kids from school, playing with our three other dogs, and all the hugs and kisses he could ask for. Our two year old son has claimed Cowboy as HIS puppy and calls him football, because of the Dallas Cowboys, but Cowboy doesn't seem to mind and helps us tuck him into bed every night. Thank you again Dalmatian Rescue of Co.
