

# Dottie

(aka Satin Dot)

---

*My name is Dottie (formerly Satin Dot). I came from the Dallas area. I was brought to a couple's home to wait for adoption. Of course with my loving and happy disposition it isn't hard for people to love me. As it turned out, I had some medical issues. Through the rescue and the great Dr. White I had knee surgery and am recovered now. And the home I was staying in turned out to be my forever home. They just fell in love with my pretty face and the way I love to give them kisses. I have been with my Mom and Dad for a year now and I am happy and healthy. Lovin' my new life. I have a huge yard to lay in, which is my favorite thing to do. I have a sister also. She's young and silly, but we get along good. Many thanks to Beth for bringing me here.*

*Dottie is absolutely the sweetest dog ever. She is good with everything. Loves people. She is truly a blessing to have.*
