

Grady (aka CJ)

We are so happy with our decision to adopt CJ, whom we have named Grady. He has fit in nicely and is adjusting to his forever home very well. Thank you for bringing him into our lives at a time when we needed a new boy. Kaiden's energy has returned although he quickly realized he can't keep up with Grady. Hope that Pepper was adopted to your Trophy Club family and THANK YOU for all that you do for all of our fur friends! You are great!!

As you can tell from the pictures he has fit in nicely with his brother Kaiden (Husky) and his brother Jack (Horse). Grady adapted to being at the barn and is an amazing herder. He stays close to Lane (my partner) when on Jack and has already made it known that Jack is his horse and Lane is his human! The three of them enjoy Barn time together quite regularly. At home he plays with toys and runs in the back yard. Always full of energy; he is a people pleaser and often looking for attention. Grady has been a great addition to our little family and we couldn't be happier with our choice to adopt him.

Wanna play fetch?

This is MY horse, Jack... stay away!

Always on guard to protect my horse!

We love to play together!!
