

Gracie (aka Lilly)

We recently lost one of our dogs. We were having a really hard time with the loss and so were our other two dogs. I found Gracie/Lilly on your website and something about her told me that this was the one that we needed in our little family. We brought Gracie home this past Friday. She has been the best thing to come into our lives in a while. What a little lover and ray of sunshine she is for us. We love her so much already. We are looking forward to new adventures and many happy years with her. Thank you for helping us to adopt this little one.
