

Quackers

(aka Skittles)

Our Happy Beginnings story starts about a year and a half ago. Our son stumbled on Skittles via Instagram. We had a deaf dog once before, also from DRC, so he thought we should adopt Skittles too. Unfortunately, we weren't in a place to adopt another dog at that time - we had a girl who didn't get along well with others.

Fast forward to November of 2024. We lost our peculiar girl to old age. About a week later, our son saw Skittles again. And again, he sent my husband and I a video with Skittles in it. We decided to reach out to the rescue and as luck would have it, Skittles was still with the rescue.

After a 13-hour drive to go meet this boy, we got to his foster home and were just blown away by how happy and sweet this dog was. We got him home and decided to change his name to Quackers.

If Quackers is awake, his tail is wagging. He is a very sweet boy and is great at sharing toys. He isn't crazy about sharing the attention but beds, toys, etc., he's more than happy to share! Our favorite thing about him is he's just a good family dog! He doesn't seem to have a constant favorite. Quackers just loves everyone, human or animal. He is a great addition to our family, and we are so happy to have him here!

Thank you all for everything you do for these dogs. Rescue work is never easy, but I sure am grateful for those who have helped Quackers get to my sofa. Please continue doing what you do, the dogs deserve it!

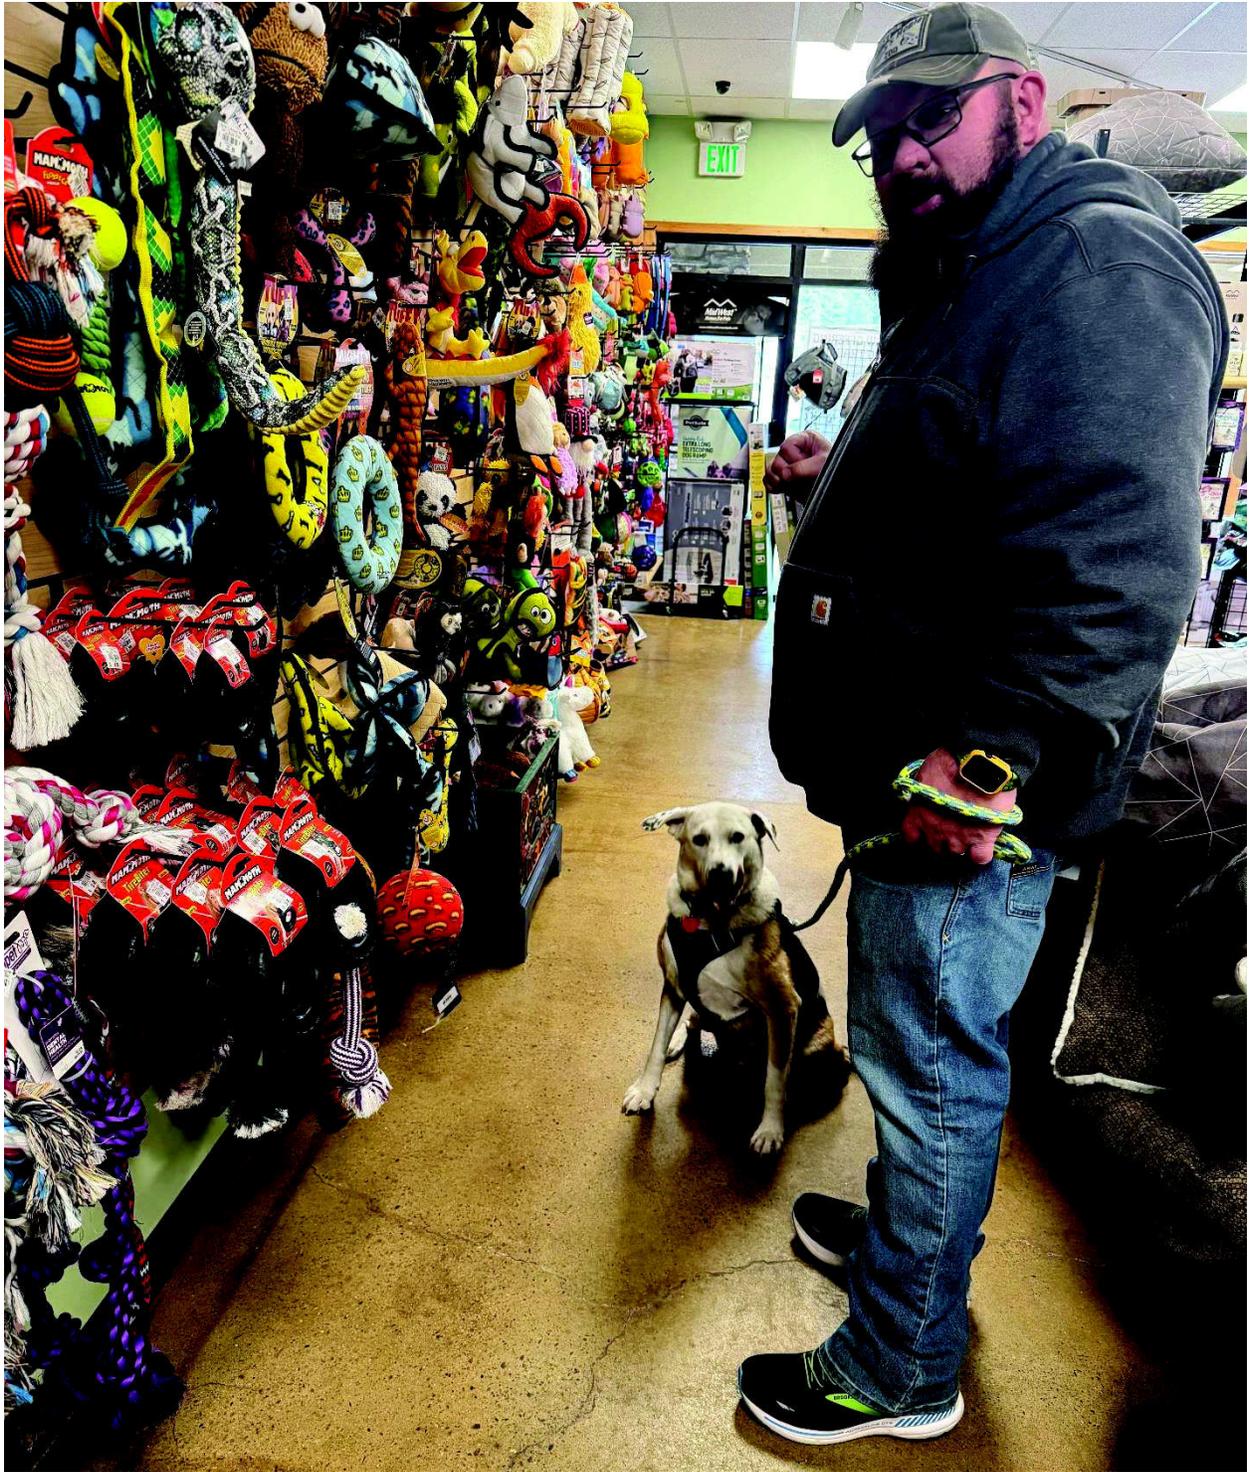

Thanks,
Michelle C.

All fancied up and nowhere to go!

Can't we just get them all??? I really cannot choose just one!
